Correction

In the article “Nocturnal Wakefulness Is Associated With Next-Day Suicidal Ideation in Major Depressive Disorder and Bipolar Disorder” by Elizabeth D. Ballard, PhD, and colleagues, published in the June 2016 issue (*J Clin Psychiatry* 2016;77(6):825–831), the upper and lower graphs in Figure 1 were transposed, and the graphs were incorrectly labeled.

The staff regret the error. The online article at PSYCHIATRIST.COM has been corrected.
